

Strengthen Your Compliance & Governance Framework with UMRF Ventures

At UMRF Ventures, our Compliance and Governance team ensures regulatory and internal policy alignment through proactive enforcement, controls, and audit prep. We manage access certifications, track remediation, and keep standards current. Supporting audits like PCI and SOX, we turn complex requirements into actionable insights to help organizations stay compliant, reduce risk, and remain audit-ready.

Who We Are

Based in Memphis, Tennessee, UMRF Ventures is a wholly owned subsidiary of the University of Memphis Research Foundation. Since 2017 we have been committed to delivering top-notch IT Managed Services that not only cater to your current IT concerns but also ready your business for future opportunities. With our technology expertise, a talented workforce, and insightful consulting, we position your business for sustained success.

A few of the companies that Trust Us : *FedEx, Raymond James, Sedgwick, City of Memphis, Methodist LeBonheur Healthcare, MLGW, Ting, and First Horizon Bank*

Cost-Effective Solutions

Enhance your service delivery by utilizing UMRF Ventures. Our operations are efficiently operated by motivated student workers at competitive rates. We are dedicated to delivering innovative solutions!

Our Services

Enforcement of Least Privilege Access

- Implement role-based access control (RBAC), limiting permissions to only essential job functions
- Perform regular access reviews to revoke unnecessary privileges and maintain compliance
- Grant temporary access as needed for specific tasks with strict time limits
- Enforce Separation of Duties (SoD) to prevent conflicting responsibilities and reduce fraud risk

Audit Readiness & Evidence Management

- Centralized Evidence Management Repository
- Multi-System Audit Evidence Coordination (e.g., SailPoint)
- Regulatory Audit Support (PCI, PCI DSS, SOX)

Control Monitoring & Assurance Tracking

- Risk Control Gap Identification & Remediation
- Stakeholder Engagement & Accountability
- Control Owner Oversight & Resolution Tracking
- Continuous Risk Posture Improvement

Policy Alignment & Communication

- Policy-to-Process Translation for Stakeholders
- Regulatory Framework Integration (NIST, ISO, etc.)
- Scheduled Policy & Standards Review
- Governance Documentation & Version Control
- Internal Policy & External Regulatory Conformance
